Under Milk Wood was originally a radio play and later a stage play and film by Dylan Thomas.

The storyteller invites the audience to listen in on the dreams of the fictional small Welsh village of Llareggub (the name is "bugger all" spelt backwards, but appeared in print as Llaregyb so as not to offend), and their innermost thoughts and dreams are laid bare to us. There is Mrs. Ogmore-Pritchard, relentlessly bossing her two dead husbands; Captain Cat reliving his seafaring times; the two Mrs. Dai Breads; Organ Morgan, obsessed with his music; Polly Garter pining for her dead lover. Later, the town wakes and we see them go about their daily business, aware of how their feelings affect whatever they do.

Under Milk Wood is a beautifully crafted piece with eccentric and humorous characters to be appreciated by audiences of all ages—Enjoy!
